Objective

As an enthusiastic and motivated Full Stack Developer, I am seeking an entry-level position in a dynamic organization where I can apply my knowledge and skills in web development. With a solid foundation in HTML, CSS, JavaScript, and programming concepts, I am eager to contribute to projects that challenge me to grow and learn. I am a quick learner, a strong problem solver, and a dedicated team player with excellent communication skills

Experience

- **Pepper Programming**   April-2023 - Present Now
  Intern, Gothenburg, Swedan.

  1.Actively contributed to Agile development projects, collaborating with cross-functional teams to deliver responsive and user-centered websites.
  2.Utilized Scrum framework to manage project sprints, prioritize tasks, and ensure timely delivery of high-quality web designs.
  3.Familiarized with the fundamental concepts of web design, such as HTML, CSS and JavaScript.
  4.Passionate to learn UI/UX design.
  5.Tools learnt- VS Code, GitHub.

- **SKP IAS Academy**   2018 - 2022
  Academy Coordinator

  Achievements:
  1. Facilitated the placement of eight members in Group 4 Cadre positions within TNPSC, highlighting effective coaching and guidance.
  2. Supported two members in securing Group 2 Cadre positions in TNPSC, showcasing a strong commitment to their career advancement.

- **SKP IAS Academy**   2016 - 2018
  Mentor

  Achievements:
  1.Successfully guided six members into various positions across Tamil Nadu, showcasing effective mentorship and support.
  2. Assisted two members in securing placements in Uniform Services, demonstrating a commitment to their professional development.

Education

- **SRP College of Engineering**   2014
  B.E Electrical and Electronics Engineering

Skills

- HTML - CSS
- JavaScript
- Bootstrap
- React.js
- SQL - MongoDB
- Node.js
- Express.js
- AWS

Certificate

- MERN - Full Stack Developer - certified
  Institute : GUVI GEEK NETWORK PRIVATE LIMITED - IIT(Madras)

Project

- **1.Countdown App**
  Technologies: HTML, CSS, JavaScript
  Description: Developed a user-friendly countdown app that allows users to set a timer for specific events or deadlines.

  Key Features:
  Implemented a clean and intuitive user interface using HTML and CSS.
  Utilized JavaScript to manage the timer functionality and user interactions.

- **2.Survey Form**
  Technologies: HTML, CSS
  Description: Created a simple and responsive survey form to collect user feedback and opinions on various topics.

  Key Features:
  1. Designed an easy-to-navigate form layout using HTML.
  2. Ensured proper input validation and mobile responsiveness for a seamless user experience.

Achievements & Awards

- Proficient Problem Solver Successfully solved over 250+ coding problems on Guvi Geek, showcasing strong problem-solving skills and algorithmic thinking in various programming language.
- Web Design Expertise Completed 150+ web design coding challenges on Guvi Geek, demonstrating a solid understanding of responsive web design, user experience, and front-end technologies like HTML, CSS, and JavaScript.
